Dear Parents,

Our Term 1 IPC unit will be 'Stories People Tell. During this unit we will be focusing on Art, History, Technology, Science & Geography.

In Art we will be learning about how stories are told through Art with a focus on Greek Art.

In International we will be thinking about stories from other countries and cultures.

In History we will be finding out how historical stories are told using Art and Drama.

In Computing we will be learning about e-safety and how to open/save and edit and document using Microsoft word.

In Geography we will be learning where different stories come from and how these can change according to the country.

In Science we will be learning living things and their habitats. We will be looking at what an animal needs to

survive in their habitat. How different habitats are best suited to some animals.

This term in English the children will be learning how to write extended pieces of work using the 'Talk for Writing' process. We will also have a SPAG focus in every lesson. This will include learning about different sentence types, how to use different punctuation, how to make up a sentence using nouns, verb, adjectives and adverbs.

In Maths the areas of learning are; counting, partitioning numbers, ordering numbers, place value and addition and subtraction. We will have a focus on learning our 2/3/5 and 10 times table by the end of Year 2.

For home learning, the children will have reading every day, the project tasks will be given out every few weeks in order for to give children the time to complete them. Spellings will come home through the new phonics program Read, Write, Inc.

In Year 2, we will have PE on a Tuesday. Please ensure that their PE kits are in school every day.

We hope the children have had an enjoyable start to the year and we hope you enjoy seeing your child learn with encouragement and enthusiasm.

If you have any questions, please get in touch.

The Year 2 team.
