

SCHOOL SATS RESULTS 2013-2014

Tests are just one way that your children are assessed, but as they are a National Measure of how your child is attaining and making progress (as well as the school's) we are directed by the Department of Education to publish these. If you wish to know more, please do come in and discuss this information with a member of the Senior Leadership Team.

1 child is approx. 2%

Level 2B is the "expected" level for a Year 2 child. A level 3 is the higher level for a Year 2 Child.

With the exception of Level 3 writing which meets National Levels and Maths Level 3 which exceeds it, our levels are below National levels overall. However, the gap is closing rapidly and very good progress has been made on last year.

We are proud of these results and celebrate the hard work of pupils and staff alike in achieving these!
