

WaterWorld Year One Homework Grid Summer Term Two 2018

Please choose **6 activities** from the grid and do one of these activities each week. This replaces individual homework each week as we did last term. You can use the resources in your homework folder to complete these activities and use it to store your work.

Hand in your book on **Monday 16th July 2018**, but if you'd like to bring in models or work before please do!

Remember the expectation is that you **read every night for 10 minutes** and please practise your sounds and Mathletics online!
