

# Year 3 - Rainforests Home Learning Grid Term 1 2019/20

## Art

Find out about Rainforest art.

Create some artwork that shows Rainforest life - use a range of different materials to show your artwork - sketching pencils, paints, material, clay.

Find out about Rainforest jewellery.

## History

Research the history of some of the Rainforest tribes.

What happened to the Rainforest tribes when the Europeans invaded?

Research Rainforest explorers like:

- Percy Harrison Fawcett or
- Francisco de Orellana

How did the Rainforest tribes defend themselves when invaded?

## Music

Find out about Rainforest music and songs? Research the instruments Rainforest tribes and people play.

Compose a piece of music that reflects the Rainforest.

## PE

Find out if Rainforest children play games. Make up your own rainforest games for the playground.

## DT

Design and build a model of a Rainforest village.

Create your own rainforest animal using different materials.

## Maths

Create a graph to show the climate of the Rainforest in Brazil.

Use a graph to compare the weather in the Brazilian Rainforest.

## Geography

Find out where the countries that have Rainforests are located in the world. What are they like compared to Britain? Research why the Rainforests are important to humans today. Research environmental issues which affect the Rainforest today.

## IT

Use IT to find out information about the everyday lives of the Rainforest tribes. Create your own Rainforest world.

Make a power point to show your learning.

## Wow Work

Show us something amazing. Let your learning go wild and show us something you have learnt about the Rainforest.

We would like you to complete any 5 of the 9 squares - any 5, your choice!  
We will share our learning with others during term 2 as a 'Fabulous Finish'.
