

Who is
Jewish and
what do
they
believe?

Hi my name is Isaac, I'm 6 and I Jewish.

I need some help and I was told that you were the children to ask as you enjoy RE lessons and learning about other people.

I have to explain to my friends, who are not Jewish, what it is like to be Jewish and how my home might be different to theirs. They also want to know why I can't come out and play with them on a Friday evening. Can you find out some information for me?

Hope to hear from you soon.
