Strategy 2: Spelling Scribble

1. Take your pen for a 'walk across the page' to create some scribble art. Make sure to leave some gaps.

2) Think of a word that starts with that letter and write it on the line. It must make a sentence when you put it altogether. The sillier the better!

Strategy 3: Speed Drill

1. Choose a word. Get a timer.
Set it for one minute.

2. Write your word at the top at the page. In one minute, you have to write it correctly as many times as you can. Try and beat your score each time!

3. When you've practiced a few times, try and do this on a blank piece of paper without looking at the word first.
