Here is the link the book online but each day I will read a new chapter on Dojo. There will be a set of questions to answer twice a week.

1. How were Edward's arms and legs joined together?
2. What did the author say was the purpose of the strong, bendable wires in his ears?
3. Write a short description of Edward using the book to help you.
4. Why did Abilene set the time on Edward's watch to 3 O'clock?
5. Which word described how Abilene's parents felt about Edward sitting at the table?
6. Write down 3 adjectives the author uses to describe Pelligrina (her grandmother)?
