

English and Maths Home Learning Week 2

English	Monday	Tuesday	Wednesday	Thursday	Friday
	Watch the video Miss Wilson has posted on Dojo. Make predictions about what you think has happened to Beegu.	Read the story of Beegu. Look for any words you don't know the meaning of. Match the pictures to the words and the meaning.	Today, practice the story map using actions the same as we do in school. Can you draw your own story map? Send us a video of you telling the story with your actions.	Read the Beegu story again, remember to use your actions to help you. See if you can put the Beegu story in the right order using the pieces of the story map.	Think about what Beegu's planet might look like. Draw a picture of Beegu's planet and write labels of adjectives you could use to describe the planet and the things on it.
Maths	Monday	Tuesday	Wednesday	Thursday	Friday
	Subtraction using subtraction stories. See Mrs Pursey's input video on dojo	Subtraction using tens frames Challenge – reasoning problems See Mrs Pursey's input video on dojo	Subtraction using part whole models Challenge – reasoning problems See Mrs Pursey's input video on dojo	Subtraction using a number line Challenge – reasoning problems See Mrs Pursey's input video on dojo	Subtraction crossing 10 – tens frames
