

Maths- Week beginning 5<sup>th</sup> January

Our maths this week is learning about the number 0: 0 is less than one and an absence of something. We are also looking at one more and one less whilst reviewing numbers 1 to 5 and shape work.

Please note these sessions will be demonstrated on the Dojo page each day.

Tuesday

Please recap with your child the 2d shapes: square, rectangle, triangle and pentagon. PICTURES

Read the Greedy Gorilla story from Number Zoo which is all about the number 0.

Activity: Greedy Gorilla craft activity. I wonder how you will decorate it!

Wednesday

Please practice with your child counting to 10 and then counting backwards. Can you ask them what is one less than 3? Or what is one more than 5?

If possible, please watch the Numberblocks Episode, (Series 3, Episode 5- Zero). Link:

<https://www.bbc.co.uk/iplayer/episode/b0blsx34/numberblocks-series-3-zero>

Activity: Have a go at the zero worksheet attached below.

#### Thursday

Discuss with your child how we can make 5. The different ways are  $1 + 4 = 5$  and  $2 + 3 = 5$ . You could use anything in your home to show this like 5 pieces of pasta!

If possible, please watch the Numberblocks Episode (Series 3, Episode 1- Once upon a time).

Link: <https://www.bbc.co.uk/iplayer/episode/b0bls8yj/numberblocks-series-3-once-upon-a-time>

Activity: Have a go at ordering the cards 1 to 5 in order.

#### Friday

Practice counting up to 10 and backwards using your fingers. Remind your child that counting up is one more each time and counting backwards is one less each time.

If possible, please watch the Numberblocks Episode (Series 3, Episode 2- Blockzilla). Link:

<https://www.bbc.co.uk/iplayer/episode/b0blsqtz/numberblocks-series-3-blockzilla>

Activity: Using your number cards from yesterday's learning, can you put a card down and say what is one less and one more than this number.
