

Thursday 21<sup>st</sup> January 2021

Use the template to write a postcard home. Use your adjectives from yesterday and explain why you feel this way. Remember to include the address for where your postcard is going to!

The form is a large rectangle divided into two horizontal sections. The top section is for the message and contains 12 vertical lines for writing. The bottom section is for the address and contains 5 vertical lines. In the bottom right corner of the bottom section, there is a small square box for a stamp. A small arrow on the right side of the top section points downwards, indicating the direction of the message.
