How are these animals similar to or different from each other? Cut them out and organise them into the correct boxes on worksheet 1A. Use the Classification Key to help you!

|  |  |   |  |
|--|--|---|--|
| <br>butterfly   | <br>newt        | <br>horse         | <br>crocodile   |
| <br>parrot     | <br>tuna      | <br>slug        | <br>toad      |
| <br>starfish  | <br>tarantula | <br>crab        | <br>millipede |
| <br>earthworm | <br>squid     | <br>fly         | <br>eel       |
| <br>rabbit    | <br>scorpion  | <br>tortoise    | <br>goose     |
| <br>centipede | <br>shrimp    | <br>sand dollar | <br>leech     |

What are each of these animals like?  
Think about the features of each one then  
organise them into the correct boxes on  
worksheet 1B. Use the Classification Key to  
help you!

|              |             |                 |            |
|--------------|-------------|-----------------|------------|
| butterfly    | newt        | horse           | crocodile  |
| parrot       | tuna        | slug            | toad       |
| starfish     | tarantula   | crab            | millipede  |
| earthworm    | squid       | fly             | eel        |
| rabbit       | scorpion    | tortoise        | goose      |
| centipede    | shrimp      | sand dollar     | leech      |
| dolphin      | ladybird    | daddy long legs | iguana     |
| crayfish     | cod         | frog            | mussel     |
| sea cucumber | sparrow     | gorilla         | sea urchin |
| salamander   | sand worm   | wite            | shark      |
| oyster       | rattlesnake | wasp            | tube worm  |
| pauropod     | badger      | woodlouse       | barn owl   |
