<u>Can I count in 10s?</u>

Count in 10s to solve the following number stories:

Luke has 5 pots of crayons. There are ten crayons in each pot. How many altogether? _____

Each flowerpot has 10 flowers. If there are 4 pots, how many are there altogether? _____

Each class has 10 new books. If there are 5 classes, how many books is this? _____

There are 10 marbles in a bag of marbles. Miss Wilson has 3 bags in total. How many is this? _____

<u>Challenge:</u>

Can you write your own number story? Remember, each item needs to include 10!
