

Tuesday

Division

Write the missing numbers in the boxes. For the first one ask yourself how many 2s are in 12? Count in 2s until you get to 12 - how many fingers is your answer.

$12 \div 2 = \square$

$20 \div 2 = \square$

$14 \div 2 = \square$

$10 \div 2 = \square$

Watch out!

$12 \div 3 = \square$

$18 \div 3 = \square$

$6 \div 3 = \square$

$10 \div 5 = \square$

$14 \div 2 = \square$

$15 \div 5 = \square$

$20 \div 10 = \square$

$9 \div 3 = \square$

$20 \div 5 = \square$

$5 \div 5 = \square$

Circle the numbers that you can divide by 2,

14

20

21

6

3

22

12

5
