

# Year 3, Term 4

## Science

We will be learning about forces, particularly friction and its purpose. We will then look at magnetism, including magnetic items and magnetic fields.

### FRICION

## Computing

We will learn about computing systems and networks. We will journey inside a computer.

In our online safety lesson, we will be looking at personal information and what we should and should not share.

## PE

Netball

We also have a handball coach coming in this term.

## English

We will be looking at a variety of Fairy Tales and Traditional Tales. We will make adaptations to these and write our own stories.

## RE

Our topic is Salvation. We will explore the question:  
Why do Christians call the day Jesus died Good Friday?

## Art

We will be learning how to use paint to explore colour and pattern.

## Maths

We will continue to learn about fractions, including comparing and ordering. We will also explore the properties of 2D shapes. Towards the end of term, we will learn about telling the time, including the 24 hour clock.

## Geography

We will be learning about North America. We will explore its position on the map and the countries that can be found there. We will learn about its physical features.

## Music

We will learn what ballads are, how to identify their features and how to convey different emotions when performing them.

## French

We will be learning how to follow simple classroom instructions and talk about classroom objects.

## PSHE

We will continue to learn about citizenship, including democracy and rules.
