 To add cladding and detail to the structures using a range of joining methods
 To add surrounding landscapes using different materials

Year 6 – Term 4

Science – Animals Including Humans

Identify and name the main parts of the human circulatory system, and explain the functions of the heart, blood vessels and blood
 Recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function
 Describe the ways in which nutrients and water are transported within animals, including humans.
 To be able to plan pattern-seeking enquiry.
 To be able to report causal relationships
 To be able to record results using a line graph.
 To be able to present findings from enquiries (in different mediums).
 To be able to present information in an accessible format (consider audience).
 To be able to carry out research through secondary sources.

Maths

Measure

To convert units of measure including miles and kilometres.
 Solve problems involving measure
 To work out the perimeter and area of different shapes including triangles

Algebra

Solve problems involving volume

Shape

Find the rules
 Form equations
 Work out the value in order to solve calculations

Ratio

Work out the angle of different shapes including triangles
 Measure angles using protractors
 Calculate the ratio in relation to fractions
 Use the ratio symbol accurately

English

English – Writing based on The Lion and the Unicorn

Fiction: narrative - setting description to entertain with a focus on similes, metaphors, emotive language and expanded noun phrases

Non-Fiction:

- Balanced argument to discuss
- Diary entry to inform
- Non-chronological report to inform
- Letter to persuade
- Explanation text to inform #

Reading – Extracts

Non-Fiction - Life of William Shakespeare

Fiction – Macbeth

French – Holidays (Use the future tense to plan, describe what to pack for a holiday, answer simple questions about holidays in French)

PE – Football/Gymnastics

Computing – History of computers

PSHE – Financial and economic
