

Year 4 Term 5

English

Quill Soup and Little People
Big Dreams Marcus Rashford

We will be starting the term looking at the book *Quill Soup* and presenting our work to year 3 who are also studying the same book.

Later in the term, we will be looking at a book about Marcus Rashford and not only his football achievements, but also his work for children since the pandemic.

Science - *Habitats and Deforestation*

The children will be looking living things and their habitats, classifying animals and plants and looking at the human impact on our environment, in particular deforestation.

RE - *What does it mean to be a Hindu in Britain today?*

The children will be learning how Hindus show their faith within their families, exploring the four aims of life and Hindu ideas of karma.

DT - *Adapting Recipes*

The children will be learning a basic biscuit recipe and adapting it.

PSHE - *Economic wellbeing*

This term the children will learn about the value of money – looking at the importance of tracking expenditure, determining value for money, looking at what factors influence our buying decisions and understanding bank accounts.

Geography

Where does our food come from?

We will be looking at our food and finding out where our food is produced and considering whether we should buy local or should we support other countries and trade fairly with communities across the globe.

Computing

Computational Thinking

We will be learning how to break down problems into clear, efficient instructions. We will be using Scratch and Hour of Code as well as offline activities such as Pictionary to support our learning.

Music

Creating compositions

The children will be inspired into composing a musical piece through animation.

Maths

We will be looking at fractions beyond one as both mixed numbers and improper fractions, adding and subtracting across whole numbers. We will then be looking at decimal numbers in tenths and hundredths.

PE

Physical – developing and applying our reactions and responses and balance.

Rounders and Cricket – focusing on striking and fielding skills, we will learn how to play these games, recognising the need for teamwork.

French - Food

The children will be learning how to order food and drink in a French café, using French money, shopping in France for food and they will be creating a French menu.
